

Adapting the text

Something out of this world has happened! Read all about it in the story 'The Fishing Trip', then create a graphic story about how, why and where the alien discovery took place.

1. Read 'The Fishing Trip' and notice how this story uses dialogue, narrative text and artwork to create a story.
2. Create a story of how, why and where the aliens were finally uncovered. Write out the action in the first column. Write the dialogue in the second column. The first one has been done for you.
3. Use the contents of the table to create a nine-panel one-page graphic story.

Action	Dialogue
Ray and Chas waited until dark to set up their hidden cameras in the bush.	'Shhhh! This is no time for eating chips, Chas.'
