

Anthropomorphism

'Happily Haunted' gives a house human characteristics. The technique is called 'anthropomorphism'. Now it's your turn!

1. List six actions that only human beings do (e.g. text, cook dinner).

2. Choose three verbs from your list and use them in a sentence about an object of your choice, e.g. The cat texted its mother when it caught the sneaky mouse in the kitchen. Make your sentences interesting!

a.

b.

c.

Now choose an object and create your own short poem, making sure to give your object human characteristics. Use 'Happily Haunted' as a guide, if you need to.
