

The School Magazine

offers a rich array of reading material for children aged 7 to 12+ that will inspire them to read, learn, think and grow. Each magazine is accompanied by carefully-crafted learning resources, mapped to the Australian Curriculum and NSW syllabus outcomes. The School Magazine now offers you a choice of two different mediums.

Choose print

Immerse your students in a tangible, highly-visual reading experience. Order print. **Order the numbers you need for the levels you want.** Each number entered represents one student subscription. One subscription entitles the reader to ten issues per year (February to November). The annual cost also includes access to downloadable PDFs of the Learning Resources.

Prices remain the same as 2020.

Choose digital

A digital subscription provides access to the full library of magazine content from 2019 onwards. Teachers can search and explore content from all magazine types, and can individually assign material to their students, allowing for differentiation of learning. Also included are: **eMagazines of all four titles** of the current year; audio recordings of many of the texts to inspire and engage students; video clips of selected pieces; independent interactive activities for students to complete at the end of many texts and a vast array of learning resources and worksheets for teachers to use in their planning and teaching.

A digital subscription provides access for **one** teacher and his or her class.

For the full benefit ... choose BOTH

Access all the benefits that digital has to offer while giving your students the tangible, deep reading experience of holding a magazine in their hands—their magazine—The School Magazine. Discounts are available on digital costs should you meet the minimum requirement of print magazines.

Go to theschoolmagazine.com.au to calculate your costings. The online ordering system enables you to get a costing for your specific requirements without having to register. You then have the option of proceeding to order or taking a screenshot to use for budgeting purposes.
